Momo the Cat

1

10

Our family do not keep a <u>cat</u>. However, we always see one wandering around our house. Who is she? She is my neighbour, Mr Green's cat, Momo.

Momo has <u>black</u> and <u>white</u> fur. She is <u>fat</u> because people always give her <u>snacks</u> whenever they see her. Momo walks around the neighbourhood every day but not on rainy days. Nearly every morning, Momo jumps into our house 5 through an open window in the sitting room. Sometimes, she lies down and falls asleep on the sofa. Sometimes, she plays with our <u>dog</u>, Speedy.

Speedy likes Momo. Whenever he sees Momo, he <u>barks</u> and <u>wags</u> his tail joyously. Everyone in my family loves Momo but we never give her any snacks because we think she needs to lose weight!
